
THE INTERNATIONAL INDIAN TREATY COUNCIL'S ENVIRONMENTAL HEALTH PROGRAM INVITES YOU TO A 4-PART WEBINAR SERIES:

What is Mercury?

How does it enter our waters, ecosystems, food sources and bodies? What are the impacts of this neurotoxin on our health and childrens' development? What actions can we take in our tribal nations and communities? How can indigenous peoples impact national and internaitonal policies to promote clean-up, remedy, prevention and protection of our rights?
