

Important Notice:

For the safety of our community members and elders, IITC's annual Day of Indigenous Peoples Sunrise Gathering on Alcatraz Island will not take place this year as a public event.

We will still be sending prayers and sharing words for those who have passed on, their families in mourning and those that are still struggling to survive the Pandemic in all Indigenous Nations and communities around the world. This will be broadcast live on KPFA, from 6-8 AM on October 12th, 2020.

Please join us by tuning in to the broadcast to unite our prayers for healing and offer our collective thanks for 528 years of survival and resistance to colonization including other pandemics our Nations have survived in the past.

Information regarding the November Indigenous Peoples Thanksgiving Sunrise Gathering will be provided at a later time.

Simulcast on KPFA 94.1 FM and online at <https://www.kpfa.org>

IITC thanks you for your support, understanding and respect at this difficult time.
